Tasks

Use this template to track all of your project work.

- Epics are large overarching initiatives.
- Sprints are time-bounded pushes to complete a set of tasks.
- Tasks are the actions that make up epics.
- Bugs are tasks to fix things.

Click **By Status** to isolate epics, sprints, tasks or bugs. Sort tasks by status, engineer or product manager. Switch to calendar view to see when work is scheduled to be completed.

By Status
